**Il progetto propone moduli
formativi in ambito fashion
e design della moda.**

**La metodologia progettuale
prevede la realizzazione di capi
di abbigliamento passando per:
il design del capo, la progettazione
di un pattern con Inkscape,
la realizzazione digitale del
cartamodello, il posizionamento
del pattern sul cartamodello,
il taglio laser del tessuto
(cartamodello e pattern),
la confezione**

**Nello studio di Digital Fashion
le designer hanno realizzato alcuni
strumenti utili sia dal punto di
vista formativo che professionale:
un sampler book di pattern,
squadre e righelli Sartoria DIY, un
appendiabiti 2/3D**
